# Better Aged Care Professionals Ask Better Questions

**- The Person Centred Approach Made Easy!**

Aged Care Professionals typically do too much TELLING and not enough ASKING!..... and this is widely recognised as being one of the biggest inhibitors of 'enabling' our aged population to make **their own** choices on how they want to live within their community.

Here at *Better Questions* we are on a mission to change that!

We are passionate about educating Aged Care Professionals to have more 'person-centred conversations' with their clients by recognising when and how to ask (the right) questions as appose to advice giving or telling. This 'easy read' book will help you recognise unconscious patterns of advice-giving and telling that may not be the best response for your clients and will inspire you to build the skill of asking Better Questions and bring out the potential in your clients.

Featuring real case studies, this informative and inspirational book is the 'must have' handbook for all Assessment Officers, Case Managers, Nurses, Care Workers and all providers of professional services in aged care. Start reading today and learn our tried and tested, easy to follow Better Questions framework that has the power to change your clients lives (and your life!) in ways you may never have thought possible!

**POTENTIALISER – po·ten·ti·a·li·ser Meaning: Releaser of amazingness in others**
