

Genos EI

The Genos Emotional Intelligence Scale (Genos EI) and its associated user friendly development reports provide a sophisticated and comprehensive assessment of workplace emotional intelligence.

Genos EI is supported internationally by a specialist network of over 800 consulting and coaching professionals. It has utility in all phase of the organisation and employee life cycle, it clearly differentiates an assessed individual's *intra* versus *inter* personal effectiveness at work.

It is available in Self and Multi Rater formats. It represents the latest research into workplace EI and provides sophisticated assessment of individual and collective emotional intelligence according to seven key skills.

The seven skills:-

- 1 Emotional self-awareness
- 2 Emotional expression
- 3 Emotional awareness of others
- 4 Emotional reasoning
- 5 Emotional self-management
- 6 Emotional management of others
- 7 Emotional self-control
