

# Building Our Team

## *How to get the best out of your team*

This dynamic and fun workshop provides an opportunity for the members of your team to gain a greater knowledge and understanding of how they can work together to be more effective. The people in your team are your most valuable asset and the reasons for investing in how they are working together include:

- Improved communication
- Increased motivation
- Increased creativity
- A more enjoyable workplace
- Everyone on “the same page”
- Increased self awareness for individuals and how they can use their skills more effectively

We will provide time and space for the team to generate new ways of thinking and better ways of working together that will maximise both individuals’ and the whole team’s potential.

As well as a whole school action plan, this workshop will provide each individual on your team with a personal action plan that they can act upon immediately!

### **This workshop covers:**

- Activities to build motivation
- Activities to improve thinking and generate new thoughts
- Developing ideas to improve attitudes and maximise potential
- Creating a whole team vision
- Developing team norms to support the vision
- Improved communication skills
- Action planning for continued success

Prices vary depending on the number of participants, travel required and duration of the workshop.

**Please call Inspirational Coaching to discuss your school’s specific needs and create a learning experience they won’t forget.**
